General Sheet Metal For The Construction Industry

ECONO VENTS

PRODUCT:

Econo Vents are designed for flat roof installation. Roof Vent allows air movement and combustion release in conjunction with attic cavity ventilation systems.

MATERIAL :

ASTM A653 Galvanized Steel
 ASTM A653 Bonderized Steel
 ASTM B370 Sheet Copper 16oz or 20oz
 ASTM 3003 H14 Aluminum

INSTALLATION:

Vents can be nailed or riveted using conventional hand or power tools. Flashings should be properly fastened to the substrate using wood or metal screws.

Should be used for exhaust of warm, dry air.

This product is not intended for venting grease or liquid.

PART#	WIDTH	HEIGHT	NET FREE AIR
FC10	10 X 10	9	96
FC12	12 X 12	9	139
